

Berlin March 2023

EFPP RESEARCH AWARD 2023

Announcement

The European Federation of Psychoanalytic Psychotherapy Research Award is given every second year and we are happy to announce that the 2023 winner is Nick Midgley together with co. authors Rose Mortimer, Antonella Cirasola, Prisha Batra and Eilis Kennedy for the following paper: *“The Evidence-Base for Psychodynamic Psychotherapy With Children and Adolescents: A Narrative Synthesis”*. The paper was published in *Frontiers in Psychology*, in April 2021.

The awarded paper is an important milestone showing the evidence of effectiveness of psychodynamic psychotherapy with children and adolescents.

We would like to thank all the applicants for their submissions and contributions and congratulate the winners.

Yours Sincerely,

The EFPP Research Committee
